Legislature Seeks Applicants to Serve on the Ulster County Resource Recovery Agency Board of Directors

(Kingston, NY) – Chair of the Ulster County Legislature Peter Criswell announced today that the Ulster County Legislature is actively seeking applicants to serve on the Ulster County Resource Recovery Agency Board of Directors. These volunteer positions offer an excellent opportunity for dedicated individuals to contribute to our community and make a positive impact on the County's waste management efforts.

Interested candidates are invited to submit their applications promptly to be considered for these important board positions. Applications may be reviewed by the County Legislature on a rolling basis, so early submissions are encouraged to ensure full consideration. No applications will be considered after Friday February 28, 2025.

Newly appointed board members will serve terms that expire on December 31, 2028. It is important to note that all UCRRA members serve on a voluntary basis, without compensation, and hold office until their successors are appointed and qualify. Elected officials are ineligible to serve on the UCRRA Board of Directors.

Join the Ulster County Resource Recovery Agency Board of Directors and contribute to a sustainable future for our community. Submit your application today to be considered for this crucial opportunity to shape waste management practices and environmental initiatives in Ulster County.

APPLY ONLINE

Submit application form and upload cover letter, resume and support materials online:

Ulster County Resource Recovery Agency (UCRRA)

The UCRRA is a public benefit corporation formed for the purpose of developing, financing, and implementing a comprehensive countywide materials management program. The Agency

manages solid waste consistent with the policies outlined in the New York State Solid Waste Management Plan, entitled “[Sustainable Materials Management Strategy for New York State – Beyond Waste](#),” and Ulster County’s [Local Solid Waste Management Plan](#).

The Agency is responsible for compliance with State and Federal laws, rules and regulations regarding the management and long-term obligations of closed solid waste management facilities and currently operating facilities under its direct control. The Agency’s responsibilities also include education and public outreach efforts to encourage, support, and foster participation by the public with respect to reducing, reusing, recycling, and composting portions of the existing solid waste stream. [Learn more about UCRRA](#).
